GEN. KETTELER MAKES REPORT

His Account of the Kuro Lu Affair
Differs Materially from All
Others Received.

EARL LI IS SKEPTICAL

He Does Not Believe That General
Lu Kwang Ting Could Have So
Flagrantly Disobeyed Orders.
Commissioner Rockhill Is Congratu-
lated Over the Stand Taken by
Americans on Indemnity Question.

By Exclusive Wire from The Associated Press.
Peking, April 28.—The report of General Ketteler, received here from Kuro Lu, differs from the other reports concerning the German-French expedition previously received. General Ketteler's report shows that the Chinese troops did not leave the province till they were forced to do so. The entire brigade commanded by General Ketteler met the enemy on April 23 and inflicted immense loss upon them. The report does not give the loss. The Germans had one officer and three soldiers killed and twenty-eight soldiers wounded. The Chinese were forced to leave the province and were fully demoralized. The French authorities stated that the Chinese had crossed the border of the province on April 19, in which case they must have subsequently returned.
Li Hung Chang says it is impossible to believe that General Lu Kwang Ting would have so flagrantly disobeyed his orders and anxiously awaits the Chinese report of the encounter referred to by General Ketteler.

Americans Congratulated.
Li Hung Chang paid return calls to the different legations yesterday and congratulated Special Commissioner Rockhill on the stand taken by the Americans in the matter of indemnity. It is not generally thought among the ministry of the powers that Mr. Rockhill's efforts in this direction will prove successful, though most of them admit that they must be in the matter by the instructions they receive from their own governments.
Nine Chinamen will be executed tomorrow in the American district for highway robbery and violence. The men in question were tried and sentenced according to Chinese law, but they are the first of such sentences to be approved by General Chaffee.

General Gaselee, the British commander, the officers of his staff and the entire British contingent gave a farewell entertainment to the American officers last night. All officers who were not actually on duty were present, and the utmost enthusiasm prevailed. Speeches were made by General Gaselee and General Chaffee only.

It is said that the headquarters of the brigade of General Ketteler is returning to Pao-Ting-Fu.

FATHER OF TELEGRAPH DEAD.

James Douglas Reid, ex-U. S. Consul to Dunfermlin, Scotland, Passes Away.

By Exclusive Wire from The Associated Press.
New York, April 28.—James Douglas Reid, known to telegraphers throughout the country as "the father of the telegraph," died this afternoon at his residence in this city. He had been ill for many weeks.
James Douglas Reid was born in Edinburgh, Scotland, March 22, 1812, and came to America in 1834. His entrance into the telegraphic service was in 1845, when he assisted in the organization of the Atlantic and Ohio company for the construction of a series of lines connecting Philadelphia, Pittsburgh, Buffalo, Detroit, Cincinnati, St. Louis and New Orleans, the most extensive extensions projected at that time. Becoming acquainted with Frederick V. B. Fessenden, a mutual attachment sprang up between them, which led to Mr. Reid's appointment as superintendent of the Magnetic Telegraph company, a line extending from New York to Washington, the same time retaining his connection with the Atlantic and Ohio company. He entered the service of the Western Union Telegraph company in 1856, where he remained until 1888, when he was appointed United States consul to Dunfermlin, Scotland, through the influence of Andrew Carnegie, who, as a boy, had served as messenger and telegraph operator under Mr. Reid at Pittsburgh. He relinquished this office in 1897. The "father of the telegraph" died at his home in this city, which was erected by the telegraph fraternity through the efforts of Mr. Reid.

ANOTHER STRANGE CASE IN KANSAS

Henry Freeman Arrested for the
Murder of Frederick Kinney,
Who Disappeared in August.

By Exclusive Wire from The Associated Press.
Salina, Kan., April 28.—Frederick Kinney, a young farmer of Jewell county, has been missing since last August. His disappearance has been a mystery. Henry Freeman, aged 20 years, is in jail in Wichita, pending an investigation of the circumstances surrounding the mysterious disappearance.

Kinney was last seen alive near Beloit, Kan., traveling with Freeman, and the latter is known to have sold Kinney's outfit. The case in a way rivals that of Gilbert Gates, who suddenly disappeared while traveling in Kansas more than twenty years ago, and for whose murder Alexander Jester, an octogenarian, was tried and acquitted last year.

Frederick Kinney's parents were Quakers who had near Nebraska state line. August 1st Kinney started alone through Kansas to canvass for nursery stock, driving a team of mules, having a horse hitched behind and carrying considerable money. He was followed by Henry Freeman and a third man, who were traveling together for several days. Kinney finally disappeared near Beloit, and his parents heard nothing of him until four weeks ago. Then the older Kinney received a letter dated in Beloit, telling him that his son was in trouble and requesting him to send \$500 immediately. The writer signing "C. M. Jones." Kinney placed the letter in the hands of a detective and a decoy letter was sent. The letter was taken from the postbox by a man whose description fitted that of Freeman. He left town without being apprehended. The detective traced him to Abilene, where he was arrested on a charge of using the mails to defraud. Kinney's father, who is a Quaker, who proved to be Freeman, asserted that he and young Kinney had parted company at Beloit, where Kinney turned his outfit over to him. Freeman said they had been "bootlegging" and Kinney, continuing, gave up his belongings and disappeared. Freeman asserts that he and his father traveled about the country in the wagon, finally selling the outfit after a fruitless search for Kinney. The older Freeman, who is a member by profession, asserts that when the proper time comes he can produce Kinney, but he refused to make his whereabouts known. Sheriff Swedenburg, of Salina county, says: "The officers who are working on the case thoroughly believe that Kinney was murdered for his money and outfit. Freeman tells several conflicting stories."

MRS. NATION PAROLED.

She Is Released from Jail to Attend
a Funeral.

By Exclusive Wire from The Associated Press.
Kansas City, April 28.—Mrs. Carrie Nation was in this city several hours tonight on her way to Lewisburg, Kan., to attend the funeral of her brother, Charles Moore. She was released from the Lehigh Valley jail today on her own recognizance, with the understanding that she is to return to the jail as soon as the funeral ceremony is over. Her special mission here tonight was to thank Dr. J. P. Haley, of the Springfield Avenue Christian church, for a recent sermon in which he vigorously denounced the police officials of this city for their treatment of her.

Although the police judge told Mrs. Nation when he pronounced sentence upon her that the fine of \$500 against her would be enforced upon her return to the city, she seemed to have no fear of arrest tonight.

BIG FIRE AT LATROBE.

Tipple Engine House and Boiler
House of the Dorothy Coal and
Coke Plant Destroyed.

By Exclusive Wire from The Associated Press.
Latrobe, Pa., April 28.—Tonight the entire Tipple engine house and boiler house of the Dorothy Coal and Coke plant of the American Steel and Wire company is a smouldering mass of ruins, and it is rumored that either four or six miners have lost their lives, but at this time the rumor cannot be verified. The loss is estimated at \$150,000, fully insured. Two persons are known to be injured. They are Superintendent Rogers, suffocated while endeavoring to rescue miners; William Gill, suffocated while assisting Superintendent Rogers in the work of rescue. Five miners were known to have been in the mine at the time, but they knew nothing of the fire until the men descended the shaft, which was 250 feet deep, and told them of the fact. They were rescued, but there are rumors tonight that six more were in the mine at the time.
Thirty nine miles were at the bottom of the shaft, and these have undoubtedly perished from the flames. The fire will cause over 400 miners being thrown out of work, and General Manager McFadyen, who lives here, says the fire is a big loss to the company. Pittsburgh capital is mostly interested in the mine, and the burned buildings will be rebuilt at once.

BETTER COAL WANTED FOR THE WARSHIPS

Major Hyde, Quartermaster at Na-
gasaki, Instructed to Look
for a New Supply.

By Exclusive Wire from The Associated Press.
Washington, April 28.—The quartermaster's department of the army has directed Major John McE. Hyde, quartermaster at Nagasaki, to make every effort to procure a better coal for the transports which coal at that place. The necessity of coaling at Nagasaki became apparent soon after the United States took control at Manila. It is true that coaling could be done from a collier in Manila bay, but only for a few months in a year. The remainder of the time it is found impossible to get a ship and collier together with safety. Arrangements are now made to coal in San Francisco and Nagasaki, and no other in Manila than necessary. Major Hyde has been instructed to ascertain which is the best coal to be found in Japan and to contract for a continuous supply for the transports. The Japanese coal is not the best, but it is found to be the most economical that can be used. It costs about \$4 per ton, while the Australian coal, which is used at Nagasaki and results costs about \$12 per ton, owing to the high duty paid by our own coal by Japan in the interest of her own coal fields. The great drawback to the Japanese coal is the fact that it contains too much sulphur, and instead of the combustion occurring in the furnace it often goes into the pipes and is very destructive to that portion of the boilers. Much of the repairing that has been found necessary to the machinery has been due to the sulphur. The money does not matter, but the fact that the Japanese coal is so much better than the Australian coal, which is found more economical to use the Japanese coal rather than the Australian coal, is found more economical to use the Japanese coal rather than the Australian coal.

Calles One of the Two or Three
Filipino Leaders That Have Ig-
nored the Observances of Hono-
rable Warfare—He Has Offered Re-
wards for American Heads and
Favors the Society of Mando-
ducats.

By Exclusive Wire from The Associated Press.
Manila, April 28.—Captain Wilson Chase, of the Twenty-first infantry, on April 25 surprised the camp of the insurgent General Calles at Dugot-Dugot, situated nine miles northeast of Cavite, in the province of Laguna. Calles was at his camp at the time of the American attack, but managed to escape. Captain Chase's force captured his adjutant general, five other of his staff officers, fourteen men, twenty rifles, a large amount of ammunition and stores, and all the papers and personal effects of the Filipino general. The insurgent Major Vela was killed during the engagement, as were Corporal McGill and Private Tipps, both belonging to Company A, of the Twenty-first infantry. Several columns of the American troops continue vigorously to pursue General Calles.

General Calles recently offered a reward of \$10,000 for the head of Captain Edward N. Jones, Jr., of the Eighth infantry.

Career of Calles.

For more than a year past Calles has commanded the insurgent forces operating to the east of Bay Lake, not far from Manila. He is said to be a French half caste. He has a reputation for vindictiveness and cruelty and is one of the two or three Filipino leaders still in the field who have clearly ignored the observances of honorable warfare. The society of Mando-ducats, whose practice it was to assassinate and bury alive those of their countrymen who accepted American sovereignty whenever the latter fell into their hands, operated with the cognizance, if not the support, of General Calles. If Calles were captured and put to death, the society would have immunity for past actions under the terms of the amnesty. In January of this year Calles offered a reward of \$10 apiece for the heads of all Americans brought to him.

Convey the Party Westward.

By Exclusive Wire from The Associated Press.
Washington, April 28.—Standing in the yards of the Pennsylvania Railroad company here is the train which will carry the president and his party for the next seven weeks throughout the length and most of the breadth of the United States. It reached here this morning, and is one of the finest trains ever run over any American railway system. The start will be made at 10:30 o'clock tomorrow morning, with Engineer Frank Laundon's hand on the throttle. W. W. Albright, as conductor, will be in charge. Both are trusted employees of the Southern railway. A detail has been overlooked for the comfort and convenience of the guests. The Southern Railway company will have charge of the train from Washington to New Orleans. At this point the party and train will be under the supervision of the Southern Pacific railroad.

The train, which is practically new, is made up of seven coaches. The president's own car is the Olympia, in the rear of the train. Next to the engine is the combination baggage and smoking car Atlantic, followed by the new dining car St. James, with a capacity of forty people. The next two are combination parlor and smoking cars, the Omnia and Guiana. The fifth and sixth cars, the Pelion and Charming, are handsome twelve section drawing-room cars. The president will retain the parlor car as far as San Francisco and there will be transferred to the Locomotive, one of the finest private cars in existence, in which he will make the return trip to the east. The Olympia is seventy feet long and has five private rooms and one sofa compartment and will accommodate nine persons. The Locomotive has accommodations for thirteen people. The president and Mrs. McKinley will have their meals served in their own car.

At the white house tonight it was announced that the president was in readiness for the trip. There were a number of callers during the afternoon and evening to say good-bye to the executive and his wife before their departure.

New Orleans, April 28.—The program for the reception of the president McKinley and party is complete. The train will be met by a military and civic parade, which will escort the visitors to the St. Charles hotel, where there will be a banquet in the evening.

Thursday morning there will be a carriage ride to points of interest, including a special reception by colored people at the Southern university. About noon there will be a reception by the Louisiana Historical society at the Cabildo, where the transfer of Louisiana territory took place, in what is now the Supreme court room, and an ovation by school children in Jackson Square, opposite where the American flag was hoisted after a view of the harbor, their train will start west.

dict and the Reward Offered for the
Arrest of Pat Crowe Will Probably
Be Withdrawn.

By Exclusive Wire from The Associated Press.
Omaha, Neb., April 28.—James Callahan was declared not guilty today of any complicity in the kidnapping of Edward Cudaly, Jr., shortly after 9 o'clock this morning. The jury, which had been in session since 8:30 o'clock last night, after a small audience of attorneys and interested persons had heard the news and was waiting when the twelve men filed in. The foreman announced that the verdict was not guilty.

The judge had evidently been expecting another verdict and was openly disappointed.

"It is impossible for me to understand," he said, "how the twelve intelligent men could have agreed upon such a verdict after listening to the testimony. The defendant could not have chosen a worse witness if he had been selecting his own representatives and the community could not have made a more unfortunate selection. This jury is discharged without the compliments of the court."

Callahan's attorneys were not present and the defendant expressed a desire to thank the jurors in his own behalf. This the court refused to permit. He said the jury did not deserve any thanks. Two other counts still exist against Callahan and he was at once arrested under these. There is doubt, however, whether the state will bring the cases to trial.

Chief of Police Donohue announces that the \$5,000 offered for the apprehension of
